Classic Quizzes in Canvas

Activity #1: Create a Classic Quiz from Module

- Create a classic quiz from the Module section
- Add a title, description, and a due date
- Add **Multiple Choice** question, a **File Upload** question, and an **Essay Question**
- **Publish** quiz

Activity #2: Create a Question Group

- From the quiz that you already created you will select **+ New Question Group**
- Select the **+** symbol to add questions to the group
- Add at least three questions to your question group
- Set the group to select 2 questions from the group and each question should be worth 2 points.
- Note the change in total points in your quiz. (It should have increased by 4 points)

Activity #3: Edit Quiz Settings

- Go back to the **Details** section of the quiz
- Set a **Time Limit** of 1 hour for the quiz
- Set a **Due Date** for the quiz
- Set it so that students can see the correct answers after the quiz due date
- Set the quiz to be available for 1 week before the due date until 1 week after the due date.
